ANOTHER BREAK

Twenty Feet Wide Reported in Laconi Circle - The River Stationary at Helena.

h reafter approved by the Secretary of the Interior, at the following points: One near the gey-era, one at Soda Bath Springs, one at Tower Falls, one at Great Falls and one on the banks of the Yellowstone lake. It is provided that at the expiration of ten years the value of the buildings and other permanent improvements belonging to the leasess shall be determined by arbitration and become the absolute property of the govern-Slight Bise at Arkansas City-No Chang at Skipwith - The Yazoo Valley Safe.

Special to the Appeal.) HELENA, March 10.—Contrary to all expectations of the amount agreed upon, with the proviso that nothing contained in the lease shall be construed to bind the government to pay any compensation. This is a time and regulations established by the secretary of the Interior for the government of the park, and to submit the to secretary for his approval as schedule of charges for accommodating the public.

CAPITAL BRIEFS.

Washington, March 10.—Ex-Senator Downly is out the amount agreed to the case of the Mississippi. A committee from the Legislature is here in story shout that \$20.0—f.c., that it was won by J. B. Blasell, of Denver, at cards.

HELENA, March 10.—Contrary to all expectations the river is stationary bere to pectations the river is stationary bere to pectations the river is stationary bere to bind the proviso that nothing contained in the lease shall be construed to pectations the river is stationary bere to bind the proviso that nothing contained in the lease shall be construed to pectations the river is stationary bere to bind the proviso that nothing contained in the lease shall be construed to pectations the river is stationary bere to bind the government to pay any compensation of the sake to play in Paris for the benefit of the inner traitment from public performances. He was stated to prove the state to public and the provise in the sake to play in Paris for the benefit of Alsace Locations the river is stated to his to pay any compensation of the eastern pay is public would be active and this such that has a support we sake to play in Paris of Alsace Locations the registion of Alsace Locations the sake to play in Paris of Alsace Locations the sake to play in Paris of Alsace Locations the sake to play in Paris of Alsace Locations the sake to play in Paris discounted with failure. He had not precised that he had dethat he had the had HELENA, March 10 .- Contrary to all ex-

tion from the State of New York, through the State competition, for the redemption, on the lat of April next, of \$2,000,000 United States bonds imbraced in the last call, which will mature on he lat of May next, with interest only to the time of redemption. As the government would theregate the Secretary is included to ascent to the application. PERKING the other day of "Hickory" Jackson, Gen. Sherman said: "When I first came to Washington City as a boy I went up to a sort of paling and hedge in the rear of the White House, and peeped through, with a good deal of awe, to see Gen. Jackson taking his walk, with a staff in his hand, in the grounds, and I can recall yet his very lean, slender figure, bony chest and leng face and bir, bread-brimzed hat as he walked up and down." circle, this morning and the water is running through at a rapid rate. The break is twenty-five feet wide, but it may be stopped before any great damage is done. The general flood situation is not changed either bere or at points below, and the people are The question whether the Treasury De-partment can legally withhold the pay of mem-bers of Congress who are indebted to the govern-ment is exciting considerable attention Just now. The First Comptroller of the Treasury assumes that it can, and so informed the Treasurer in the case of Representative Ochiltres. The Solicitor of the Treasury is inclined to doubt the legality of the decision. Secretary Folger has the matter un-der consideration. here or at points below, and the people are sanguine and hope for the best.

No Change at Shipwith. pecial to the Appeal.] SKIPWITH, MISS, March 10.—Efforts to stop the Elieslie oreak have been without result. The three gaps are about 250 feet wide the mortgage on the church. The education of the church should resign.—Norristone Herald. wide, the velocity six to seven miles per v hour, and three feet deep. A weak point Washington for the government of Venethas been reported in the levee in front of the James Richardson plantation, near thou and two bronze lectures for the the James Richardson plantation, near Mound Landing. The Levee Board have sent a large force of men to protect that point. The protection and main levee here

are still considered safe. The Wreck at Shawneetown SHAWNERTOWN, ILL., March 10.-The greater portion of the town is now out of water, and trains are running again. Many houses that weathered the floods are now falling, total or partial wrecks.

Rise of an Inch at Arkanuss City. LITTLE ROCK, March 10.-The river at cal chemist for the government, has recently made some interesting experiments as to the twenty-four hours ending at 5 o'clock this made some interesting experiments as to the twenty-four afternoon, and is still rising. The water is only eight inches below the highest flood of last year, and the backwater only four inches. The great fault is the streets have not suffi-The Laveer to be Equatred

WASHINGTON, March 10.—At the instance of Gen. J. Floyd King, of Louisiana, Gen. Wright, chief of engineers, has authorized his assistant engineers engaged in construct-ing levees, to press forward the work to comeletion by the labor, regardless of the con ington for a few days to further, as much as in his power may lie, the interest of the dis-trict threatened by overflow.

cess generally entails and engenders a certain amount of envy and detraction, especially from the lower species of humanity. Our The Yasoo Valley Safe.

VICESBURG, March 9.—The Herald says that Capt. W. L. Marshall received a telegram at 5:30 o'clock last evening stating that the planters back of Ellealie are suffering no the planters oach of Edicelle are suffering no material damage from the effect of the break in the levce at that place. The reason of this is that the water does not "lay" for any length of time upon the land, but is carried rapidly across the country and into Steele's length of time upon the land, but is carried rapidly across the country and into Steele's bayen, through which it is conveyed into the Yszoo. Originally there were three gaps in the main levee at Elleslie, of which one has been closed, leaving two remaining one has been closed, leaving two remaining one has been closed, leaving to the one has been closed, leaving two remaining open, each of which is, according to the latest information upon the subject, fully eighty feet wide and three feet in depth. Nearly 400 hands were at work laboring to close the gaps in the levee at that point yesterday; and although failing in this respect, have managed to secure the ends of the broken levees and lessen to some extent the depth of the breaks themselves. Capt. Smedes does not think the Deer dreek country has any reason to fear big water this season, as the Chicago Summer Trotting Meetings. son to fear big water this season, as the high banks on that stream have always been an excellent protection to the land in Driving Park for the summer trotting meeting the country of the country of the summer trotting meeting the country of the

yesterday, reports Deer creek dead low. Tallahatchie river. Her officers report twelve feet of bank at Greenwood and plent of bank on either side above and any damage from high water this season, although considerable streams are coming out of the Little and Big Sunflower, and out out of the Little and Eig Sunflower, and out of the Yalobusha. The water from the Big and Little Sunflower is in a great measure from some break in the Mississippi river at or in the vicinity of Friars Point. Mississippi water is also reported as coming into the Tallahatchie, but the water from the Yalobusha is the result of recent heavy.

Third Race.—One mile. Referee won; Annie G second. Billin G, third. Time rains in that section.
In Tchula lake a rise of seven inches was reported as the Leffore came down, and a se of lour inches on the other side of the island in Silver creek, in the preceding twenty-four hours.

The Omega, Alsatia and other leves, as

far as heard from, are reported as progres ing favorably. HYACINTHS. Let me tell a secret,
A piece of fairy lore,
I learned it all in dreamland,
I 've heard it o'er and o'er.
In the early spring time,
When the sun shines bright,
And the south wind sighing
Puts the frost to flight;
All the elves are meeting,
Trooping is rand near,
Summoned by the chiming
Of bells full soft and clear.
Bells of dusky purple,
Bells of snowy white,
Bells of snowy white,
Bells as red as roses,
Bells of beauty bright.
Swinging, throbbing, beating,
Pulsing on the air,
Thrill our ioner senses

Pulsing on the air,
Thrill our ioner senses
With motions new and rare.
Fairles call it music,
Olors, duller, we:
Since we are not fairles,
We cannot agree.
Hyacinthe so swinging
In the baimy air.
Call the fairles churchward. call us, too, to prayer.

PERSONAL MENTION.
